

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

U.S. Patent No.: **7,116,318**
Patentee: **Amundson**
Issued: **October 3, 2006**

Attorney Docket No.: **H-370**
Customer No. **26245**

Cambridge, Massachusetts
December 22, 2006

**REQUEST FOR CERTIFICATE OF CORRECTION
UNDER 35 USC 254**

Attention: Certificate of Correction Branch
Commissioner for Patents
P.O. Box 1450
Alexandria VA 22313-1450

Sir:

The Assignee of record of the above patent, E Ink Corporation, by virtue of an Assignment recorded August 18, 2004 at Reel 14999, Frame 422, hereby requests that a Certificate of Correction be issued for the above patent under 35 USC 254 and 37 CFR 1.322.

The Assignee respectfully requests that the correction shown on the enclosed Certificate of Correction Form (Form PTO/SB/44) issue. As explained in more detail below, the correction is due to a mistake by the Office. Accordingly, the patentee believes that no fee is payable for this Certificate of Correction. However, if the Office determines that a fee is payable, please charge this fee to the Assignee's Deposit Account No. 501162.

The amendment set out on the accompanying Form corrects the "Inventors" section on the front page of the patent so that only Richard M. Webber, Joseph M. Jacobson, Jonathan D. Albert and Andrew L. Loxley are shown as inventors.

Application Serial No. 10/708,121, on which this patent issued, was filed naming the nine inventors presently shown on the patent. However, following an election of invention pursuant to a requirement made by the Office, the undersigned attorney filed, on April 4, 2006, an Amendment accompanied by a Petition for Correction of Inventorship under 37 CFR 1.48(b) to effect a change in the inventorship required by the election. The effect of this Petition was to leave Richard M. Webber, Joseph M. Jacobson, Jonathan D. Albert and Andrew L. Loxley as the only remaining inventors. The subsequent Notice of Allowance issued on June 13, 2006 made no reference to the Petition, and since the grant of such Petitions is routine following an election of invention, the undersigned attorney assumed that the Petition had been granted and the inventorship changed. It was only when the patent issued that the undersigned realized that the Office records had not been changed to reflect the change in inventorship requested by the aforementioned Petition.

In view of the foregoing, Assignee respectfully submits that the error listed on the accompanying Form PTO/SB/44 is correctable under 35 USC 254 and 37 CFR 1/322. No new matter is added by this amendment, which does not require re-examination or reissue. Accordingly, the Assignee respectfully urges the Commissioner to issue a Certificate of Correction for the above patent reflecting the corrections as they appear on the accompanying Form PTO/SB/44.

Webber et al.
Patent No. 7,110,163
Request for Certificate of Correction
